Commissioner:

The Applicants are in receipt of a Notice of Allowance in above-referenced application. Upon file review, the Applicants have noted that two of the references submitted in an IDS on September 12, 2001 (copy enclosed) were not acknowledged as being reviewed by the Examiner and have an indication of "not supplied" written thereon.

However, these unacknowledged references were previously submitted in the parent case Serial No. 09/026884 on December 31, 1998 and were considered and acknowledged by the Examiner on December 1, 2000. (copy enclosed)

37CFR 1.98 (d) states that a copy of any patent, publication, pending U.S. application, or other information listed in an information disclosure statement is not required to be provided if: (1) the information was previously cited by or submitted to, the Office in a prior application, provided that the prior application is properly identified in the IDS and is relied on for an earlier filing date under 35 U.S.C. 120; and (2) the IDS submitted in the earlier application complies with 37 CFR 1.98(a)-(c). If both of these conditions are met, the examiner will consider the information previously cited or submitted to the Office and considered by the Office in a prior application relied on under 35 U.S. C. 120.

Appln No. 09/676,697
Request date June 24, 2005

As can be seen by the enclosures provided herewith the IDS submissions pursuant to 37 CFR 1.98(a) - (d) in both the present application and its parent application have been properly complied with.

Accordingly, the Applicants request that the two references listed under "Other Documents" in the IDS submission of September 22, 2001 in the present application be considered and acknowledged.

Given that the Issue Fee payment due date for the present application is August 17, 2005, the Applicants request that such consideration and acknowledgement be undertaken at the Examiner's earliest convenience, and that a Supplemental Notice of Allowability pursuant thereto be issued as soon as possible thereafter.
